Template for JOBIM 2017 Proceedings [Titre/Title]

FirstName LASTNAME1[1], FirstName LASTNAME2[2] and FirstName LASTNAME3[2]

`Laboratory, Address, zip code, Town, Country`

`Corresponding author:  firstname.lastname1@email.fr`

Abstract *The abstract of the paper (optional for short contributions) must be typeset in italic, with* Times New Roman *11-point font. The left and right margins must be set to 3cm.* *350 words maximum.*

Keywords Some keywords, important, relevant. Five relevant keywords maximum. The keywords must be typeset in regular, with *Times New Roman* 11-point font. The left and right margins must be set to 3cm.

1 Introduction (*Times New Roman* 12-point type, bold)

This is the LaTeX template for JOBIM 2017 proceedings.

The **Title:** *Times New Roman* bold 14-point font, center

The **Authors names:** *Times New Roman* 11-point font. Center as well. Please typeset the last name(s) of author(s) in small caps, starting with an uppercase first letter

The **Addresses:** Monospace 9-point font

The **Email:** Monospace 9-point font. Just give the email address of the corresponding author.

2 Document Structure (*Times New Roman* 12-point type, bold)

The horizontal margins must be set to 2cm each, with no binding offset. The vertical margins must be set to 2.5cm each. You can provide the `showframe` option of the LaTeX 2_ε class to see the page layout.

The **Text:** use *Times New Roman* 11-point font and 6-point spacing between paragraphs. Italics may be used to emphasize words in running text. Bold type and underlining should be avoided. With these sizes, the interline distance should be set so that around 50 lines occur on a full-text page.

2.1 Page Numbering (*Times New Roman* 11-point type, bold)

Pages must NOT be numbered. Final pagination will be set by the editors of the proceedings.

2.2 Figures and Photographs (*Times New Roman* 11-point type, bold)

Please produce your figures such that they display well in black & white mode, and integrate them into your text file. Please note that no figure will be taken into account if not integrated in your text file.

Figures should be numbered and should have a caption which should always be positioned under the figures. The final sentence of a caption should end with a period. Please center the captions between the margins and set them in *Times New Roman* 10-point font for the text (Fig. 1 shows an example).

Fig. 1. Old JOBIM puzzle (end of the 20th century).

2.3 Tables (*Times New Roman* 11-point type, bold)

Table content should be in *Times New Roman* 10-point font as well as their captions. The rules used for the figures are also applied for the tables (see Tab. 1 for example). Please note that no table will be taken into account if not integrated in your text file.

	Col.1	Col.2	Col.3	Col.4	Col.5	Col.6

3 Citations

The list of references is headed *References*, it should be placed at the end of your contribution. It should be in *Times New Roman* 10-point font. Please do not insert a page break before the list of references. For citations in the text, please use square brackets [1] and consecutive ordered numbers [2,3] in list of references. Please find below examples on how to format references corresponding to articles [1], books [2], book chapters and proceedings [3].

4 Warning

Note that the maximum length of *Proceeding* submission must not exceed *8 pages*. A paper disregarding the format described in this document will be rejected (even if it was previously accepted by the program committee).
